# READING ASSESSMENT for \_\_\_\_\_

**Date of Assessment:** \_\_\_\_\_

**Observation:** Observing a child as they read aloud can provide insights into their fluency, accuracy, and comprehension. This can be done informally by parents or teachers.

**Reading Level Assessment:** Sight word recognition, vowel sound accuracy, reading a random passage

**Phonemic Awareness:** Assessments focusing on a child's understanding of sounds, letter-sound relationships, and their ability to decode words can reveal strengths and weaknesses in foundational reading skills

**Handwriting:** writing a simple sentence:

**Spelling:** words related to their Grade level:

**Comprehension Questions:** Asking questions before, during, and after reading a passage can assess a child's understanding of the text, their ability to predict, infer, summarize, and draw conclusions.

**Vocabulary Assessments:** Tools that evaluate a child's vocabulary size and knowledge, such as word lists or context-based assessments, can be used to gauge their understanding and retention of words.

**Fluency Measures:** Timed readings to assess reading speed and accuracy, along with prosody (expression and intonation), help determine a child's fluency.

**Reading Comprehension Activities:** Various activities like story retelling, summarization, sequencing, and making predictions can gauge a child's ability to comprehend and analyze texts.

Is your child on NDIS funding? YES/NO. Who is your consultant? (or managed funding only)

---

**Note:** Please note when you enrol for child in our tutoring sessions, a no show fee will be charged unless of course the cancellation is from our end. Please do your best to notify us in advance if you cannot attend a class, and we will find time to reschedule for you with an alternative make up class. Any late payments for tutoring will incur a \$20 late fee.

**TUTORING PLAN for the first 1-10 Date:**
